- Xi'an Jiaotong-Liverpool University, Suzhou, China 01\09\2021-28\6\2023
-Bachelor of Engineering in Architecture, with Honours

PROFESSIONAL EXPERIENCE | Intern Architect

Perkins Eastman Architects DPC , Shanghai, China 01\010\2025-31\03\2026

Interior

Goa Five-Star Hotel Interior Design Project, India

-Participated in the end-to-end interior design development of a five-star hotel in Goa, India, contributing to lobby and ballroom design, material selection, ceiling detailing, and FF&E coordination.

Residential

MIK Residential Development Project, Vietnam

-Assisted in the design development of six residential towers for MIK Group, Vietnam, producing Rhino models and photorealistic renderings to support spatial planning, client presentations, and design coordination.

-Collaborated with an international design team via Revit for real-time coordination and iterative adjustments of spatial layouts across multiple project phases.

-Produced plan, elevation, and section drawings for educational, hospitality, and urban renewal projects, contributing to both design development and documentation stages.

Atelier LiuYuyang Architects, Shanghai, China 01\09\2025-31\9\2025

-Responsible for drawing production of the Longyao Road
-Pedestrian Bridge and the Hongqiao Highline Park projects in Shanghai.

Urban exploration Architects, Shanghai, China 01\07\2023-1\8\2023
-Shanghai Dixintong HQ | AI Concept

RESEARCH

Survey on the Redevelopment and Renewal of Liverpool's Old Town

21/09/2023-12/10/2023

- Investigated redevelopment strategies for Liverpool's declining old town, identifying target community groups and their spatial needs.
- Analyzed socio-economic challenges and proposed design strategies combining heritage preservation with economic revitalization.
- Explored community-centered planning through public spaces, mixed-use programs, and affordable housing models.

Survey on the Reconstruction of Italian Defense Towers

01\08\2023-9\8\2023

- Studied adaptive reuse of Italy's historic defense towers into modern community centers.
- Analyzed construction heritage and developed sustainable reuse strategies integrating new functions with structural preservation.
- Compared global case studies to derive best practices for balancing authenticity and modernization.

SKILLS

Digital

Revit, Rhino, Autocad , Adobe suite, V-ray , Sketchup , Grasshopper, D5 rendering

Language

Mandarin, Cantonese, English
